

## STANDARD OIL MAKES BIG CUT IN GASOLINE

### REDUCTION IS MADE OF SIX AND SIX TENTHS CENTS ON THE GALLON

Cut Becomes Effective Today Thruout Central West—Illinois Will Get Benefit of Cut—Independents Reduce Their Price Five Cents—Big Fight Now in Prospect

(By the Associated Press)  
CHICAGO, Aug. 13.—The Standard Oil Company of Indiana announced tonight that it will reduce the price of gasoline six and six-tenths cents a gallon thruout its entire territory effective tomorrow morning. At the same time L. V. Nicholas, head of the National Petroleum Marketers association, announced he had notified the independents to reduce prices five cents a gallon.  
The territory affected includes Illinois, Iowa, Indiana, Michigan, Wisconsin, Minnesota, North Dakota, South Dakota, Kansas, Missouri and part of Oklahoma. The cut is already effective in South Dakota.  
"I notified independents to reduce the price five cents," Mr. Nicholas said. "A cut of more than five cents is unfair and ruinous. A cut of 6.6 cents is as much out of line one way as the present price is the other."

### FRENCH OFFICIALS SEE LITTLE HOPE OF SAVING ENTENTE

Hope of Agreement with England Abandoned Long Ago

(By the Associated Press)  
PARIS, Aug. 13.—In spite of the extreme reserve in official circles as to the possible consequences of the British note, conversations with Premier Poincare and his collaborators at the Quai d'Orsay today made it quite clear that little hope is entertained of saving the entente.

All idea of coming to an agreement with London on the essential features of the reparations problem was long ago abandoned, but it was still thought, until the receipt of the last note, that the British government would give France further opportunity to see what could be done toward forcing Germany to pay. Now, however, it appears to French officials concerned with the reparations questions that Great Britain stakes the life of the entente upon conditions intolerable for France.  
Great Britain's activities in the reparations discussions, said a high official today, have all been in the nature of proposals for sacrifices on the part of France. There is only one more sacrifice, he said, that France is willing to make:  
She will abandon all claims to reparations payments on account of pensions if Great Britain will do the same. But the British cabinet, he added, has shown little disposition to take even that small part in concessions to ease the burden on Germany. The question was raised at the Quai d'Orsay today whether Great Britain was charged by Germany with proposing arbitration by the international court at The Hague. Doubts were expressed, however, whether the government of the reich would give its approval to such procedure or to appeal to hand the reparations problem over to the league of nations.

### CABINET MEMBERS CONFERRED WITH COOLIDGE MONDAY

New Executive Has Busy Day at White House

(By the Associated Press)  
WASHINGTON, Aug. 13.—President Coolidge occupying the white house offices today for the first time, devoted himself thruout the day to conferences with cabinet members and other officials and to accumulation of correspondence and documents.  
Outstanding in the day's activities were conferences on the anthracite situation with George Otis Smith, member of the coal commission and Secretary Hoover the latter was in conference with the president both before and after announcement was made that the operators and miners' representatives had been summoned to renew wage contract negotiations. Altho Mr. Coolidge forsook the temporary executive offices established at the New Willard Hotel he and Mrs. Coolidge retained their suite and will continue to live there until Mrs. Harding vacates the White House.  
Arriving at his office before 9 o'clock the new president immediately began to receive friends and officials, including cabinet members and the heads of various government agencies. Callers during the day included Secretary Weeks, Director Lord of the budget, Assistant Secretary Finney of the interior department, Comptroller General McCarl, former Senator Pomeroy of Ohio and Surgeon General Cumming, of the public health service. Routine matters, as a rule, were under discussion.  
The cabinet with the exception of Secretary Mellon who is in Europe and possibly Secretary Denby who had been spending a vacation in Michigan met with the new president for the first time tomorrow at which time various problems confronting the administration will be taken up. Secretary Davis, who arrived in New York from Europe today, is expected to be on hand for tomorrow's cabinet meeting.

George B. Christian, Jr., secretary to the late President Harding was at his desk today and it was said he would continue there for some time.

### GOVERNOR SMALL DECIDES HE WILL RUN FOR OFFICE

Will Seek Renomination for Office of Governor  
(By the Associated Press)  
CHICAGO, Aug. 13.—Governor Len Small definitely decided today at a conference here to announce his candidacy for re-nomination for governor on the Republican ticket at a political pow wow to be held at Kankakee on Wednesday, according to the Chicago Herald and Examiner.  
The conference was held with former Mayor William Hale Thompson, Percy B. Coffin and other Chicago friends. The platform as agreed to, according to the newspaper will be a reiteration of virtually all the Small pronouncements of the last campaign, together with a few new points that have been prominent in the political situation in the northwest.  
The question of voting indorsement of Senator Hiram Johnson of California for president was held in abeyance, the newspaper said, and will be disposed of at a further conference tomorrow. One of the main issues discussed, the newspaper said, was opposition to Senator Medill McCormick. Another conference will be held tomorrow.

### Yellow Book Issued By French Last Night

(By the Associated Press)  
PARIS, Aug. 13.—A "yellow book" of diplomatic documents issued tonight by the French government brings out clearly that the United States ultimately will be asked by the allies how much of the interallied debts she expects to be paid.  
The book contains thirty seven telegrams and letters, most of them between Premier Poincare and French Ambassadors. They are dated from May 2 to August 3 and deal with the Ruhr situation, reparations, debts and the British questionnaire.  
Premier Poincare puts his position plainly in a June 12 letter to the French ambassador in London. He instructs the ambassador among other things, to tell Lord Curzon, the British foreign secretary that it is the problem of interallied debts which prevents us from telling Germany now the exact amount she owes us.  
"The message adds: 'The solution of this problem is in the hands of England, first of all and the United States afterward. The latter can be approached in a common accord by the allies when they have agreed upon a formula and it has become evident everything depends only upon the attitude of the government at Washington.'"  
The yellow book was issued as a reply to the British action in announcing that the world would be called upon to judge the present situation with regard to Germany. The documents which hitherto had not been published consist mostly of instructions to the ambassadors and how to present the French viewpoint on the situation.  
They set out in great detail and often in the exact language declarations already made by the premier publicly and emphasize M. Poincare's absolute conviction that Germany can pay, must pay and will pay, because France will follow a policy of making it easier to pay than to stand the pressure in the Ruhr.

### HILLSBORO PLANT OPENS WITH I. N. G. GUARDING WORKERS

(By the Associated Press)  
HILLSBORO, Ill., Aug. 13.—The plant of the American Zinc company, which had been closed since last Thursday following a riot of strikers, resumed work today under the protection of the Illinois National Guard. Manager C. W. Rossman announced that he had about half of his employees back at work.  
The first workmen arrived at the plant in automobiles and under the protection of a guard of 300 soldiers with six machine guns which formed an armed ring completely about the company property. There was no disturbance or any kind.  
While the soldiers were guarding the plant Sheriff Charles E. Hill was busily engaged recruiting a small army of special deputy sheriffs from among the business men of Hillsboro, many of whom showed a reluctance to serve. After the sheriff announced he would arrest citizens who refused to accept a commission as deputy sheriff, he had better results to augmenting his forces.  
He complained that the very men who had urged him to call the troops to protect property and business were the ones who refused to serve as special deputies. There was a general feeling here tonight that the troops would be withdrawn soon, perhaps within 24 hours. It was estimated that as soon as the sheriff had an adequate force of deputies to protect the plant and keep order, the troops would be on the way home.

Colonel Samuel N. Hunter of the adjutant general's office left here for Springfield this afternoon to recommend that the troops be withdrawn. In case he could not find Governor Small in Springfield, he said he would go on to Kankakee to lay the situation before the governor.

### CHAOTIC CONDITIONS STILL PREVAIL IN VARIOUS SECTIONS

Additional Disorders Are Reported Thruout Germany  
(By the Associated Press)  
BERLIN, Aug. 13.—Chaotic conditions still prevail in various sections of Germany owing to the situation created by the shortage in food and the general spirit of unrest. Additional disorders were reported from various trains today, with further casualties growing out of fighting between townspeople and the police.

At Aix La Chappelle four men were killed and forty wounded by the police in a potatoe shortage demonstration while at Orefeld several men were wounded in a Republican manifestation. There were also disturbances in Gilsenkirchen and in Rhenhausen.

### MARTIAL LAW TO PREVAIL AT TULSA OKLAHOMA TODAY

Governor Issues Order After Flogging of Citizen

(By the Associated Press)  
OKLAHOMA CITY, Okla., Aug. 16.—Governor J. C. Walton late today issued a proclamation placing the city of Tulsa under martial law.  
Issuing of the proclamation followed flogging of Nathan Hantman of Tulsa last Friday night. The city goes under the rule of military at 6 A. M., tomorrow morning, guard units from Oklahoma City and Okmulgee were immediately ordered to proceed to Tulsa.  
Hantman called at the governor's office today and was in conference with Aldrich Blake, executive counselor. The martial law order was promulgated immediately after Hantman told his story.  
All civilians must be off the streets by 11 o'clock at night and may not appear until 6 a. m., without specific permit from the military authorities. It was announced. The order will not affect the courts or other departments of the civil government with the exception of the police and the sheriff's office counselor Blake said. Governor Walton who is resting at Sulphur, telephoned Blake instructions to issue the martial proclamation.  
Troops ordered to Tulsa by Adjutant General B. H. Markham were companies A and D 110th Infantry, Oklahoma City, and Company E of Okmulgee.  
The adjutant general will not go to Tulsa at once but will direct operations from his office here it was understood.  
To Make Thoro Probe.  
"We intend to go to the very bottom of the Tulsa situation," Counselor Blake said following his telephone conversation with the governor. "It is clear that the law is not being enforced and even where a particular officer attempts to enforce the law obstacles are thrown in his way that absolutely prevent the maintenance of law and order. The Hantman whipping is only one of a series that have been reported to the governor's office and Governor Walton intends to see that all citizens are given the full protection to which they are entitled under our state law and the constitution of the United States."  
Other counties may be placed under martial law if reports of similar law outrage continue to come in, it was stated.  
A recent whipping at King is being rigidly investigated it was said.  
It was stated, however, that there appeared to be no immediate necessity of sending troops there.

### GOVERNMENT TAKES HAND IN ANTHRACITE COAL NEGOTIATIONS

Federal Coal Commission Summons Representatives of Union Miners and Operators to Meet in New York Tomorrow—Seeks to Avert Suspension of Work September 1

(By the Associated Press)  
WASHINGTON, Aug. 13.—Representatives of union miners and operators in the anthracite field were summoned today by the federal coal commission to meet in New York City Wednesday to renew negotiations designed to avert a suspension of anthracite production on September 1.  
The summons, which constituted the first step of governmental intervention in the existing deadlock over a new wage contract, was issued with the approval of President Coolidge after he had discussed the situation with Chairman Hammond of the coal commission and Dr. Otis Smith, a member of the commission.  
It will be the design of the commission to act solely as agents of mediation and conciliation, for the time being.  
It's object will be to work out some compromise which will result in the continued operation of the mines, whether questions in controversy between the miners' union and the mine operators are settled immediately or left to some form of arbitration later.  
Anthracite mining is being conducted under terms of a wage contract between the union and the operators fixing rates of pay, working conditions and method of settling local disputes which expires September 1. Negotiations were begun in July at Atlantic City, between the union and the operators looking to the making of a new contract.  
These broke down completely ten days ago when John L. Lewis, president of the United Mine Workers, served notice upon S. D. Vannier, chairman of the general policy committee of anthracite operators, that the union would demand in the new contract installation of the "check-off," a system of collection of union dues by which the employers withhold dues from wage checks and turn them over to the union.

Ultimatum Refused.  
The operators refused the ultimatum and the negotiating groups separated, the understanding being that miners belonging to the union would cease work September 1, without the issuance of a formal strike order by their officers, because no contract had been made fixing their pay rates.  
The full report of the coal commission on the anthracite industry showing complaints of wages, coal costs, and profits and conclusions developed thru an inquiry by the federal fuel distributor's office have been placed before President Coolidge.  
Production of anthracite has been particularly heavy during recent months and some officials assume that quantities of coal sufficient to carry consumers for a long period are now in storage.  
If the conference to be resumed in New York fails to produce results, it was said the government would make a further move to bring about an adjustment.

### GERMANY NOTIFIES COMMITTEE OFFICIALLY

(By the Associated Press)  
PARIS, Aug. 13.—Germany formally notified the reparations committee in a letter dated last Saturday and just published today that all reparations deliveries in kind would cease after that date because of the great expense involved which it was believed might jeopardize the pending German gold loan and tax reforms.  
Germany announced she had no intention of permanently discontinuing these deliveries but said her burden must be lightened to avoid a complete breakdown of the German economic and financial systems.  
The promise is made that the deliveries will be resumed "as soon as the finances and currency of the reich are on a firm basis."

In Short Period—Dr. F. M.  
Rule Is Speaker and Delivers  
Strong Sermon.

A large and interested audience

Grace church Sunday evening, to  
hear an enlightening sermon by  
Dr. F. M. Rule. In the opening  
part of the program the services  
were conducted by Rev. M. L.  
Pontius. Rev. T. H. Tull read  
the scripture lesson, and Rev. G.  
W. Randle led in prayer. Rev. W.  
E. Spooner announced the union  
morning service to be held each  
Sunday morning for the next  
two weeks. On next Sunday  
union services will be held at  
Centenary church, with Rev. Pon-  
tius as the speaker. At the

## How to build up your Weight

To be under weight—  
proves low fighting-power in  
the body. It often means you are  
minus nerve-power, minus red-  
cells in your blood, minus  
health, minus vitality. It is  
serious to be minus, but  
the moment you increase  
the number of your red-  
blood-cells, you begin to become  
plus. That's why S. S. S., since  
1826, has meant to thousands of  
underweight men and women,  
plus in their strength. Your body  
fills to the point of power, your  
flesh becomes firmer, the age lines  
that come from thinness disap-  
pear. You look younger, firmer,  
happier, and you feel it, too, all  
over your body. More red-blood  
cells! S. S. S. will build them.

S. S. S. is sold at all  
drug stores in two sizes. The  
larger size is more economical.

The orchestra in charge  
of Mr. Kearns furnished several  
selections preceding the services.  
Preliminary to the sermon, an  
offering was made to raise money  
for the expense of the union  
meetings this summer. Practi-  
cally the entire amount was secured  
thru dollar pledges and a gener-  
ous silver offering.

Dr. Rule took as his text  
the words from Philippians, 4:8,  
"Think on These Things," the  
things mentioned being the ordi-  
nary virtues displayed by ordi-  
nary people. In mentioning these  
virtues St. Paul used the classic  
Greek words instead of the Bib-  
lical Hebrew phrases, thus dem-  
onstrating that some good is to be  
recognized in people in the community  
who are outside the church. Dr.  
Rule took up the things neces-  
sary to create a healthy commu-  
nity life, the first being an ab-  
solute fidelity to law and order. We  
are in a period of reconstruction,  
following the world war, and as  
in a previous period after the  
Civil War, a renewed zeal is  
needed in respect for law and its  
enforcement.

Another thought was that we  
must see the good qualities in oth-  
ers in the community and utilize  
them for its upbuilding. The  
power to love the unlovely comes  
only from the willingness to love  
God with all the heart. Main  
streets are ugly enough, but there  
are also beautiful things on Main  
street, which may be seen thru  
the eyes of love. There is one  
word which a community must  
endeavor to exemplify, and that  
word is Godliness.

Finally, there should be in  
the community that power to  
create good morals and good in-  
fluence. We should allow Christ  
to touch us, to create in us those  
virtues and influences which will  
purify and idealize the entire  
community in which we live.

## Best Purchase I Ever Made, Says Hugh Jones

"I never felt better in my life than I do since taking Tanlac," said Hugh Jones, 715 Bond Ave., Peoria, well known manager of the Central Illinois Cooperage & Box Co.  
"For five years I endured no end of misery from stomach trouble, and got so weak I could hardly pull myself through a day's work. My appetite left me and what I did eat caused gas to form on my stomach until the pressure of it made my heart act so strangely I thought sure I had heart trouble. I also suffered from awful headaches, was so nervous I couldn't half sleep, and altogether, was losing ground so fast it looked like my days on this earth were numbered."  
"Tanalac ended my troubles entirely, built me up sixteen pounds in weight and made me feel like a new man. It's the best purchase I ever made."  
Tanalac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.  
Tanalac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

## VEGETABLE TONIC IS NATURE'S CORRECTIVE FOR CONSTIPATION

Temporary relief and lasting relief from constipation are two entirely different things. And how can you expect lasting relief from harsh cathartics that pain and gripe you, injure the delicate intestines and often leave one more constipated than ever when the harsh drug effect wears off.  
Get quick, lasting relief! Dr. H. S. Thacher, the noted stomach specialist, perfected a delicious vegetable tonic that is now being used in the treatment of constipation among adults and children, because it is well suited to the sensitive stomach and delicate intestines, and helps you strengthen them so that your bowels move gently, naturally and thoroughly without the need of cathartics and purgatives.  
This nourishing tonic, known as Dr. Thacher's Liver and Blood Syrup, will help you increase appetite, improve digestion, soothe and tone the nerves, wake up the sluggish liver and send purer, healthier blood coursing through your veins. It will quickly help you, clear up your skin, round out the youthful lines of your face, neck and form, and revive that delightful feeling of strength, energy and "pep."  
Try a delicious tablespoonful of Dr. Thacher's Liver and Blood Syrup after the next few meals. Notice the quick difference in the way you eat, sleep, look and feel. The cost is only a trifle and your money will be returned if for any reason you are not satisfied. Dr. Thacher's Liver and Blood Syrup may now be obtained in Jacksonville at the Coover Drug Store.

## GREAT BRITAIN AWAITING EFFECT OF NOTE ON WORLD

**Mobilization of World Opinion Was the Chief Aim**

(By the Associated Press)  
LONDON, Aug. 13.—Great Britain having drawn aside the heavy curtain of diplomatic secrecy that has shrouded the allied negotiations regarding the Ruhr and reparations question in recent months, is expectantly awaiting the effect upon the world.  
It is stated that mobilization of world opinion upon the European issues involved in these questions was one of the chief purposes behind the publication last night of the British blue book.  
Downing Street was obliged to endure but scant suspense in awaiting the reaction to the came thru press channels quickly in the form of no uncertain expressions of anger and disappointment.  
However, it is the American reaction that is awaited with particular interest here for it is admitted by government spokesmen that the success or failure of any plan for any international commission to determine Germany's paying capacity depends largely upon the participation either officially or unofficially of the American experts. It is recalled that Secretary Hughes suggestion for such a commission was only upon the basis of an invitation from the unified allies and, while the British consider such joint action still possible, it is highly improbable and the present trend of official opinion seems to favor an independent move by the British. If after several weeks a satisfactory reply has not been received from France.

## GOVERNMENT WILL NOT APPEAL FROM COURT DECISION

**Announcement Made By Attorney General Yesterday**

(By the Associated Press)  
WASHINGTON, Aug. 13.—The government will not appeal from the recent decision of the United States court at St. Paul in which it was held that the Interstate commerce commission had authority to consent to the lease and stock ownership of the Central Pacific Railroad by the Southern Pacific railroad.  
This announcement was made today by Attorney General Daugherty after several conferences with President Coolidge at which were discussed exhaustively the various administration policies involved.  
The proceedings at St. Paul were to enforce the mandate of the United States supreme court requiring the Southern Pacific to surrender its ownership of the lease and stock of the Central Pacific System. Judges Sanborn, Lewis and Kenyon decided, however, that in the transportation act which was passed subsequent to the bringing of the original suit by the government, congress had given the interstate commerce commission power to approve such a merger despite provisions of the Sherman anti-trust law under which the first suit was brought.  
Attorney General Daugherty called attention that the interstate commerce commission had attached definite and positive conditions to its approval and consent in the case and added that in his judgement these conditions safeguarded the public interest.  
If they are not complied with, he continued, the lease and stock ownership will be subject to termination.  
"The issue was one of great administrative importance to the country," Mr. Daugherty said, "and particularly to that section of the west traversed by the two great railroad systems involved in the litigation. And with the opinion of the three distinguished circuit judges and the opinion of the interstate commerce commission before me, I reached the conclusion that it is my duty to end the litigation."

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

Worcester, Mass. — "I had some trouble caused by a female weakness and got so run-down and weak from it that I could hardly stand or walk across the floor. The doctor gave me all kinds of pills, but nothing helped me. I happened to meet a friend who had taken Lydia E. Pinkham's Vegetable Compound, and I thought I would try it. After taking it a week I began to improve, and now I feel fine and am doing all of my housework, including washing, sewing and house cleaning. I have recommended your medicine to my friends, and I am willing for you to use this letter as a testimonial, as I would like to help any one suffering the way I did from such a weakness."—Mrs. DELIA HICKEY, 4 S. ## YANKEES DEFEATED CONCORD GREYS 10-3

Yanks Never in Danger After Second Inning—Devlin and Towers Hold Concord Safe

The Yankee Athletic club nine defeated the Concord Greys at Concord Sunday by the score of 10 to 3. The Greys proved very easy for the Yankees from the second inning on and the Yanks were never in danger during the remainder of the game.

The diamond was new and was rather slow and rough, but the Yankees never had an error on ground balls but the three misuses were all on throws, while Concord had ten errors, the majority of which were on ground balls. The Yankee team as a whole had plenty of pep and it was the snappy plays made by the infield that cut off several runs.

The two feature catches of the game were made by Harrison and Sellers. Harrison ran into a crowd of spectators and pulled down a foul fly after a good run and Sellers pulled down a long foul fly out along the left field line. Another catch deserving of mention was made by Ragan of the Concord team in the ninth inning when he pulled down a line drive, off the bat of Wagner in the ninth, which was tagged for a clean single.

The pitching of both Devlin and Towers was excellent. Although Devlin allowed three hits in the first inning and one run the Concord sluggers were unable to connect with his offerings for clean hits for the next three innings. Towers then took the mound in the fifth inning and held them at his mercy the balance of the game.

## INDEES HIT PADGETT HARD—DOWN GIRARD

Get Thirteen Hits and Eight Runs—Fanning Invincible After Third Inning.

Frank Smith's Indies downed the Girard Merchants at South Side Park Sunday afternoon, the final count being 8 to 2. In doing this the Indies also gave Padgett the worst beating he has received this year.

The locals found Padgett for thirteen hits for a total of fifteen bases. This the Girard players said, was twice as many hits as has had been made off him in any game this season. He let the Plano Indians down with four hits the day after they played here.

In addition to hitting the ball hard the Indies showed speed on the sacks and had the same old "pep" they displayed in the game a week ago. The old timers on the team, Clark, Ruble, Kohloff and DeFates are coming into their own. All of them hit the ball hard Sunday and Dick Ruble cut up like a colt on the bases.

The Indies also did some rifty work in the field. DeFates, who is playing the best game of his career at third base made a wonderful stop of England's drive over third base and by a perfect throw got the runner at first. Ruble made a fine catch of Fletcher's line drive in the eighth and Massinkoff took a line drive from the bat of Smithson in the ninth was tagged for a home run had it gotten away. Kohloff also did some fine fielding at second, beating Wilson out a base hit in the seventh.

Fanning nailed another good game for the Indies. It looked bad in the first when Girard put over a run on solid hitting. In the second Smithson, the first man, up soaked the ball to right for a triple. Fanning then required the next three batters on strikes.

That sort of took the starch out of the visitors. After making their second and last run in the third on a triple and a double they were tamed and thereafter reached Ira for but one hit, that was a double in the sixth by Dade.

The Indies got two in the second on Kohloff's double, singles by Clark and Smith and two stolen bases. Massinkoff's single, Christopher's sacrifice, a fielders choice and Boyd's sacrifice put one over in the third.

The big inning was the fifth when singles by Ruble, Kohloff and Fanning and a double by Clark scored four runs. The Indies added one for good measure in the eighth on singles by Christopher and Boyd and Ruble's sacrifice. The score:

### ISLAND GROVE CHURCH OBSERVED CENTENNIAL

Big Dinner Served on Grounds and Program Carried Out—Large Number in Attendance.

The Centennial of the Island Grove M. E. church was celebrated Sunday at the church with an immense dinner and an interesting program. This church is one of the oldest in this part of the country, the first church being made of logs and this was followed by a brick church. The services were opened in the morning at the regular hour for morning worship, by the Rev. E. L. Fletcher, who spoke from the text found in Genesis 22:18: "And Isaac digged again the wells of his father that the Philistines had stopped," comparing the need of water to the human being, with the spiritual needs of all mankind.

After the services at the church the congregation repaired to a grove near the church and a big basket picnic was enjoyed, and this was followed by a program at which Miss Olive Burnett, of Waverly, sang a group of songs and the Misses Mary and Louisa Grisham of Wagoner, Ill., also sang beautiful solos. These were followed by the reading of letters from Dr. Crane, of New York City, a former pastor, from one of the James boys, and from other ministers. Dr. J. R. Harker then delivered a stirring address, "The Past, The Present and the Future."

D. W. Brown, who is the oldest living member of the church, and who was personally acquainted with both Lincoln and Grant, then read a historical sketch of the church and many interesting facts were brought out. All of the documents pertaining to the history of the church were then placed in a galvanized box and this was encased in a concrete block on which was inscribed the words, "Records of the First 100 years of Island Grove Church," these including the time between 1823 and 1923, and later this memorial will be mounted in the interior of the church.
